KELLOGG
SEED COMPANY
MILWAUKEE, WISCONSIN

**NEW
IMPROVED CERESAN
DOES THESE 4 THINGS
TO MAKE WHEAT
PAY BETTER**

**Checks Seed Rotting
Reduces Seedling
Blight
Controls Stinking Smut
Improves and Increases Yields**

You do just one thing — treat your seed with *New Improved CERESAN* — and this effective dust disinfectant does *four!* Checks seed rotting, reduces seedling blight, controls stinking smut, and improves and often increases your wheat yield—at a cost of less than 3¢ an acre!

The U. S. Dept. of Agriculture, along with many Experiment Station authorities, recommends this treatment. It is a protection against seed-borne stinking smut—a way to better yields. Even on *clean* seed the average increase has been 1.13 bushels an acre.

Easier to apply. One-half ounce per bushel — costs only 2 cents. No drill damage. Controls covered smut and stripe of BARLEY, and smuts of OATS — often increasing stands and yields of both grains.

One lb., 70¢; 5 lbs., \$3.00. Come in now for your copy of free Cereal Pamphlet.
